

Having trouble keeping up?

Many school systems are facing tough choices when it comes to Microsoft® Windows® XP remediation. Many feel that they don't have sufficient budget to replace aging systems with new systems running Windows 7 Pro or Windows 8.1 Pro – leaving schools exposed to security and manageability problems. Purchasing refurbished systems or upgrading aging systems are a last resort. NCS Technologies offers budget-conscious systems for schools facing these challenges. These systems deliver performance, network manageability and current Windows Professional OS licenses at low prices. Starting at only \$493.00 each, the NCS Stratus 5250 offers the features and performance you need at a price school systems will love! Contact TeamState&Education@NCST.com today to learn more!
