- One COM1 Port
- One Audio Line-out Port
- Dimensions: 245 x 63 x 21 mm

RQ4 Port Replicator

IEEE 1394 COM1 VGA PARALLEL 2 USB RJ-45 AUDIO

The NCS Questa RQ4 port replicator optimizes valuable desktop real estate by providing an easy one-step connectivity solution whether at the workplace or home office. On board this convenient peripheral hub can attach the latest full sized CRT or LCD monitor through its VGA port. Network connectivity is provided by its LAN pass-through by way of a RJ-45 port. With a centrally located parallel port, multimedia printing has never been easier. Other peripheral devices such as PDAs, Flash memory readers, speakers, digital cameras, and scanners, which are increasingly necessary for the earnest mobile Office Warrior, can be connected to the remaining expansive USB, serial, audio, Firewire®, and PS/2 ports. The Questa RQ4 is “Hot-dockable,” having a universal Plug & Play feature, permitting it to be connected or disconnected to the Questa notebook while in the ON or OFF state.
