

The NCS Smart Card Case enhances the capability of the HP Elite x2 Tablet by providing users with additional security and convenience.

The case's integrated ISO 7816 and FIPS 201 compliant CAC Reader delivers multi-factor authentication and access control features to prevent unauthorized access to data on your device or organization's network. The NCS Smart Card Case allows for convenient access to the tablet's integrated kickstand. Other key features include a digital stylus holder and comfortable hand strap. For added security, the case is compatible with the HP Nano series of cable locks. The case is also Trade Agreements Act compliant and thus eligible for use on U.S. government procurements.

Structural Materials

- Polycarbonate/ABS
